RE: Application Number: 10/595,118  
Attorney Docket Number: JANK.P001NP

Dear Mr. Doll:

We need your help in getting a filing receipt.

The Application 10/595,118 is a US National Stage filing under 35 USC 371. This application was filed on August 12, 2004.

All requirements under 35 USC section 371 were satisfied by February 23, 2006.

We called the PCT Help Desk on September 27, 2006 to inquire about the filing receipt. We spoke to a Ms. Banks who told us that they are back logged 11 months and and could not tell us when the filing receipt would be sent. She was also extremely discourteous.

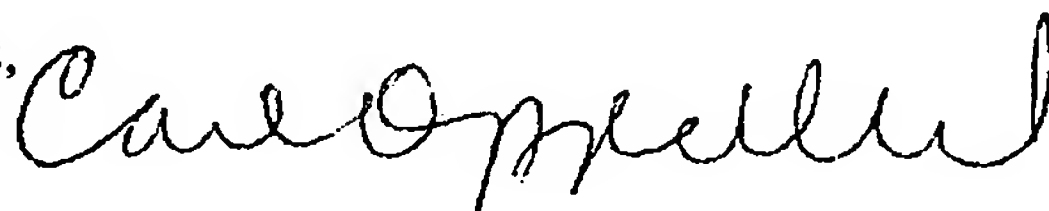

We called the PCT Help Desk again on December 28, 2006 regarding the filing receipt. We were told that it has been taking them around 12 months to process the papers and check back in 2 months.

These delays seem unreasonable to us.

As of today the application number 10/595,118 still has no filing receipt. We would be most grateful for your help in obtaining a filing receipt for the above-mentioned application.

Very truly yours,

Carl Oppedahl
